The Story:

I hate to be that guy but avoid

Just want to give other punters a honest review

Not 100% sure about the date but it was a late one not that it should make any difference

Abbie demanded money before we started which made alarm bells go off in my head I've had that happen in the past never ends well

Poor punt she wasn't very interested start to finish I tried to make conversation, which can be difficult when dealing with, a not so bright individual and believe me I've had a few of them but the service makes up for it but not in this case

2 minute faffing around checking my hard earned, that I'd been cheated out of for authenticity

2 minute blowjob which wasn't bad

1 minute 69 the smell of urine was a major turn off she must of had a piss before entering the room

3 minute sex at this point I thought just cum and go, this is shit

2 minute shower probably the best bit, at this point I thought I'm not even going to attempt to save this sunk ship I didn't say a word just left

You get the impression she thinks she's gods gift to men in this business there's a lot more to consider

I've seen my fair share of ladies in the past, all have complimented me on my mannerisms hygiene and by no means I'm a difficult customer I'm happy with smiles good conversation passionate kisses blow shag cum on body tits and my regular girls that have had a hard day I even volunteer to

treat them to a massage and we just chill for the allot time

Been punting a while now and I simply can't be bothered being ripped off by a second rate working girl with a horrible attitude
