The Lady:

Crystal is a stunningly beautiful Brunette she is very curvy, great tits and ass aspects, however, I do think she is a little older than she specifies on the website, but nothing over 27 years old she was very like the pictures too, great English too easy to communicate with.

The Story:

I met Crystal at around 20:00 at a hotel room near the green park tube, I quite liked what I saw she was young pretty very sweet and sexy too some great curves on her body so we went up to my hotel room and over there we talked a little her English was pretty good I was very satisfied in being able to have a nice talk with her and get to know each other a little better, so we had some time to bond with each other and feel more relaxed and comfortable around each other, so things started to take a course of its own by itself, we started to undress and kiss and hands going all around I was feeling pretty horny around her especially with her on top of me wearing some pretty sexy underwear her ass felt great rubbing against me while on top it was very sturdy and her tits were even greater soft and just so mouthwatering, overall the whole experience was very satisfying she is one girl that really does it all to please, especially the A level which was very nice really tight and warm, I just got to say thanks to her for the great experience and the great time we spent together, it was not a simply hired job sensation it was almost like I was not paying but I had met her somewhere else.
