The Story:

I arrived right on time and, after a quick shower, we quickly got down to business. Straight into OWO (nice not to have to request it) and then she asked if I would like 69 - well yes I definitely would thank you very much!

After a few minutes of this she was ready to put on the condom but I asked her to delay. She was wanking me quite hard, as well as sucking, at this stage and I asked her to slow down. I knew this would be a single shot and wanted to savour the moment for as long as possible. So ... another couple of minutes and I'm ready to blow. On with the condom and her on top. Again more vigorous fucking and another request to slow down. A few minutes later and I blow my load.

Then lots of talking but no more action. After 45 minutes I'm showered again and out the door.

In summary, an excellent session but it would have been nice to be a little less rushed and to have got the full hour of action. Maybe that happens with a repeat visit
