Phone: 07926491659

The Premises:

Newly decorated and equipped basement flat - 2 mins from Marylebone station

The Lady:

Attractive sexy blonde with fabulous figure and fun personality and great sense of humour.

The Story:

I have seen Linda many times but never written a review previously. We play out a role play with Miss Linda as the sexy company boss and me as her indebted employee to use and abuse at her whim.

The session started with Miss commanding to strip and examining my body all over. Suffice to say with the anticipation of the session I was quite hard at this point as Miss tied my cock and balls. She decided I needed to be reminded who was the boss and I was bent over Miss's stocking clad thighs for a firm spanking. Several positions were adopted, straight across her lap, with my cock clasped between her thighs and finally with her leg straggling mine so I was pinned and very exposed. Wonderful escapism. Miss has a surprising firm hand and this last position was a favourite. Once she was happy my bottom was red enough I was told to go over the spanking bench.

I was expecting further punishment perhaps the paddle or the cane but on this occasion Linda decided instead I needed fucking so I was tied to the bench and taken with her strap on. Gently at first but then she decided I could handle more so swapped to her larger one! I was made to suck this prior to the being fucked with it which was surprising erotic.

It was then onto the bed to pleasure Miss's divine pussy - a task I could spend hours doing, all the time Miss was teasing and touching my nether regions which were fit to burst. This is always a highlight of the session for me and one Linda certainly seems to enjoy also. On this occasion when Miss had had her fill of my tongue she demanded I take her from behind... well sadly I didn't last as long as I'd have liked but goodness me it was good.

A glass of wine and chinwag to finish another excellent encounter. Linda adopts the dominant role-play beautifully and is wonderfully sexy and teasing to boot.

Highly recommended.
