The Story:

The first thing i noticed about alexi is how big her tits are for someone so slim! I love me some big titties, so having them up in my face smothering me was all i wanted as soon as i saw her. She started by giving a hot lapdance, peeling her clothes off slowly before giving me what i wanted and letting me motorboat them jubbies! I was super hard already and asked her to give me a tit wank, you can't resist sometimes when they're that nice. She was spitting all over my dick and licking the tip with her tongue whilst bouncing them up and down. It was so good i almost came but managed to stop myself. Although it was a proper hot day, we managed to work our way through all sorts of positions, ending with her on top so i could watch them tits bouncing as i finished. She even gave me a DFK as she left, saying she hoped to see me again. Believe me alexia you will. Class girl, really recommend her.
