### The Lady:

Bonita is a beautiful Brazilian girl, she is very curvy with nice big bits and a great big ass to she looks quite young around her 23's also she matched her photos quite well it didn't look very different in person then what was represented on the website

### The Story:

I called up the agency and asked for a brown skin girl, they recommend Bonita a Brazilian young girl with very attractive curves, so I booked her and I met with her at about 20:00 at my place, she looked very beautiful in a long dress, really gave her curves and a very sexy look, at first glance I was really happy to see her she was very polite and her English was good too so I was able to talk to her and know her a little better before we got any further, she is a very well educated girl really smart and funny too, and after the great talk we had we got going some action and the moment that girl undressed I was speechless she was amazing I was expecting less, to be honest, and I was totally surprised how great she looked she has a very well cared body everything was very sturdy and soft to touch, and above all she was very tight I especially liked that and I most certainly liked the oral skills she was superb probably the best oral I've ever had from a brazilian girl you can expect evrything they are mistress of sex and surely knows some outstanding things, so the whole experience was one of a kind I got to thank the agency for the great recommendation that was made and without a doubt I will be coming back to visit bonita for some more great experiences I am sure she had way more to show me.
