The Premises:

Private House on a fairly secluded street

The Lady:

Pretty lady - English not good

Was offered a naked Tantric massage but see the report

The Story:

Phoned and asked about getting a massage that day - she asked me to phone when I knew my arrival time

Eventually got free of my commitment and rang to arrange a massage in 15 mins

she said it was a naked massage, she was naked and it was tantric with HE and to pay 40 for half an hour

Sounded good so far

She sounded an Eastern European lady by the quality of the English

Arrived at the street and the lady texted me the house no - it's a house not a salon

Went in and was asked to remove my shoes and take a shower - told her I had already showered before leaving home but she insisted and the shower wants all that warm

Walked naked back into the room and she was already naked - Looked promising

Laid on the bed face down and she asked how I wanted the massage soft or hard - I said hard

She oiled me up with warm oil, down my legs over my bum then onto my back and no touching of my bum crack, no hands between my legs to feel my cock and balls

Bit of time messing about with her phone and don't know if she was texting the next client or not but her hands weren't on me

I was able to reach back and touch her leg and managed to slip my hand up to her buttock but then she moved away - did this a couple of times trying to reach her pussy

She wiped me clean with a towel and asked me to turn over

I was now laid naked face up on the table and she did have nice tits

She poured some oil over my cock and then massaged my legs and chest with the occasional transgress to my balls and a bit of a stroke of my cock

I asked her if I could feel her pussy but she said no
I did manage to touch one of her tits but she moved away

Eventually she stated to wank my cock. I asked he to do orgasm denial but clearly she didn't understand that and then said my half hour was nearly up and she had another client coming.

She did give me a nice wank and it was a good orgasm but for a tantric massage I expected some cock and ball play before I turned over and maybe a bit of B2B massage and certainly since she was naked a bit of pussy play

All in all it amounted to a moderate massage and a wank.

Quite disappointing actually

They do do a 4 hands massage but I think I will give that a miss and try some other place
