The Premises:

small flat but clean and tidy and had everything we needed. Clean towels and bedding was fresh.

The Lady:

Tall, slim and beautiful with legs that go on for ever. seriously some of the best legs i have ever seen!. her english was pretty good and she had a nice smile and personality.

The Story:

normally i go later in the evening but went straight from work. So i was dressed in suit and a bit sweaty as it was so hot outside. She offered me a shower first which i accepted as i felt i should. She helped me undress and stood ion the doorway as i showered and talked to me. when i got out she handed me the towel and looked me up and down smiling which made me feel special. I dried myself quickly and moved over to her and we kissed for ages as i undressed her at the same time. Her body was crazy beautiful and as i said before her legs were amazing.

we soon made our way to the bedroom and after some great oral action we started to fuck and those legs came into action she was extremely flexible and used her body in all sorts of ways. She took me lots of ways and i tried to hang on for the full hour but there wasnt much chance of that. even after, we carried on playing for a short while which was nice.

a lovely girl that is very very hot and one that i would highly recommend.
