The Premises:

Loret was working out of a rather cheap and tatty hotel in a residential part of South Croydon. The hotel has a car park and is close to numerous bus routes and just a short walk from South Croydon train station. The room was very small and hot but had a decent en-suite shower.

The Lady:

Loret's Viva Street and AW pictures are accurate. She is a very attractive petite blonde in her early twenties with small pert breasts, a tight vagina and a thin waste that's great to get hold of. She said she was Spanish but I have my doubts. Either way, she speaks good English. I certainly wasn't disappointed by Loret's appearance.

The Story:

I saw Loret's profile and decided to pay her a visit. When I phoned her she told me where she was working and asked me to call her on arrival. When I called I was kept waiting for around 20 minutes before she came down to collect me although the comms was good throughout. The duty manager saw her lead me upstairs and must have known what was going on. There were no other guests around.

One in the bedroom I was struck by how hot it was. The room was very small and not air conditioned. After completing the paperwork for a 30 minute visit, I had a shower to cool down and to make sure I was clean while Loret undressed and was waiting for me when I emerged from the shower.

Unfortunately no kissing was allowed and Loret didn't really make much effort. Perhaps it was the heat or she'd had a busy day but there was just no enthusiasm. She also kept looking at her phone and sending messages presumably to other clients who were waiting for her to become free.

She put the jonny on me very quickly. The covered BJ she gave was mediocre at best. She let me go down on her nice pussy for a few minutes before moving things on to sex. Sex was in the missionary and doggy positions. I asked her to spoon or go on top but she refused. I came after several minutes of good hard thrusting doggy style. After that I had another shower and left - making sure I avoided eye contact with the reception desk on the way out.

Despite her good looks and pleasant personality, Loret isn't a punt I'd recommend while she's working out of such a grotty hotel. Even if she was working out a decent hotel, it would be difficult to recommend her unless she makes more of an effort with her clients.
