The Premises:

Hush massage is located on a side street in Sherwood Nottingham. There is on-street free parking nearby. The entrance is a plain frosted door - but on the opposite side of the road is a pub so it does feel a little like you are on full public display before you go through the door.

However, once inside the place is great. I was offered a shower before my massage - which I declined as I had showered at home. I was lead up two flights of stairs to the massage room, asked to undress and was told Ruby would be with me shortly.

The room was very clean and tidy with soft music and subdued lighting. There was a massage table in the middle of the room and several mirrors placed along the walls to give a good view of Ruby as she moves around the table.

After a few minutes - Ruby arrived

The Lady:

Ruby is very pretty and petite. She is not super skinny - but is just right- she has curves in all the right places. She was dressed in sexy lingerie and stockings with heels, which accentuated her slim legs. She has an amazing bottom that I loved gently squeezing and her breasts are fantastic.

She is very friendly and helped to reduce my nerves and make me feel more relaxed.

The Story:

Ruby's technique is amazing. I have been to Hush once before to see Jessica - who was also amazing - but Ruby is in a different league.

The basic massage was very similar to last time, so I assume this is routine that the girls are told to follow, but the execution was so much more erotic.

Ruby started with a feather, gently running this up and down my body - which is really nice especially around my bottom and neck. Then she started the hands-on massage with lots of warmed oil, with gentle, firm strokes which was very relaxing and also very sexy.

Ruby then removed all her clothing, apart from the stockings and heels, and began a body to body massage. She knelt either side of my head so she could rub her breasts up and down my back and down over my bum. This seemed to go on forever and I was wishing it had - she is really good at this.

Ruby then went back to a hand massage. She pulled my legs open wider and gradually moved the

massage closer to my inner thighs, gradually getting ever closer to between my legs. I was mentally willing her to go further each time she stroked up and down my thighs, just when the anticipation became too much - her hand slipped further between my legs and she started stroking and cupping my balls - which is one of the most erotic experiences I have had for a long time.

Ruby then asked me to turn over on to my back. Once again she gave me an amazing body to body but this time I could see and feel her breasts and gently massage her bum as she massaged me. Again, her hands started to move more and more teasingly towards my erect cock until she finally concentrated all her attention on building my excitement, wanking me and rubbing the end of my cock against her breasts and nipples - gently at first - but as she sensed me building towards orgasm - she wanked faster and firmer until I shot my load all over her breasts - Wow

Needless to say - I will definitely be back for more.

I would like to try some of the other girls - but I would find it hard to try anyone else after my experience with Ruby.
