The Story:

Wow! Hush do it again by finding yet another gem. It was Ruby's first day working at Hush but she put me at ease straight away by saying she's no novice and boy was she right. From her first touch I just knew it was going to be a great massage. Started with the teasing feathers then moved on to one of the most sensual massages I've received with plenty of stroking of the balls etc. The way she puts the oil in her hands then drips it over your body inc bum is a sensation to behold. Her boobs are big and natural and feel so nice during the body slides. Once turned over the real fun started, this girl knows how to tease a cock to the point of no return and the oily tit wank is something I will remember for a long long time. As I came to the climax she encouraged be to give her fantastic arse a little slap as she finished me off over those brilliant boobs. Ruby is going to be a busy busy girl fellas so make sure you book to see her asap.
