The Story:

Having read the positive write ups I thought I need to try Elizabeth who is / was a change from my usual preference. Another punter wrote she needed leading so I was mindful of this but in truth Elizabeth was either not interested in me, or just not bothered that day.

I found the whole experience like shagging the missus very little foreplay, missionary sex with no movement and barely a sound from Elizabeth whatsoever. I buried my cock in her (nice pussy) slowly screwed my way to a climax.

Kind of wasted £60 should have gone with one of my trusted few and guaranteed a good time. Still if you don't try alternatives you never know. Won't be choosing Elizabeth again.
