### The Premises:

Well known place in Berwick Street at the heart of Soho. Always a crowded street so there is always the worry that someone you know may see you going up the stairs! Nice clean flat and the bedroom itself is lovely.

### The Lady:

Scarlett is a beautiful and curvy brunette with the most gorgeous hairy bush and pert breasts you could ever hope to see. Just perfect. She is "Soho Scarlett" on Twitter, which gives the times, dates and location where she is available but sadly there are no photos of her face on there. You won't be disappointed when you see her, though! A soft, sexy voice and a warm, genuine friendly personality, too. A Soho legend. Believe the hype about Scarlett.

### The Story:

This was my second time with Scarlett and certainly won't be the last. Having sorted out the finances, Scarlett stripped and lay on top of me giving soft kisses to my chest. Then she found a condom to put on me and gave me oral sex. This was superb! I asked her to look at me innocently while i had my cock in her mouth and she did that perfectly. Scarlett is very good at looking innocent! By now my cock was getting very hard and it was on to the sex. This was so nice and Scarlett said she enjoyed it too. She makes good eye contact during sex and has a beautiful smile. As time was running out, I had to wank myself to a climax, which I did. She is without doubt, for my tastes at least then, the prettiest girl and Soho, the friendliest and the best experience you will get from a Soho walk-up. My only regret is that I don't have more money to stay longer with her! If you read this, Scarlett, hope to see you soon!
