### The Premises:

Very discrete location underneath a shop, you need the telephone receptionist to give you details, otherwise you wouldn't know where to look. Inside is fine, big bed in a big room with a big mirror. Shower facilities tired but adequate and clean.

### The Lady:

She is the lady in the photographs. Slim, very attractive IMO, she has an all over tan and a navel stud. I would guess late 20's (but I am not good at guessing ages) she looks young and fit to me. She is British of Latvian descent, she is bright, intelligent with excellent English.

### The Story:

A very attractive blonde girl who answered the door in matching bra, knickers and hold ups. I sorted the paperwork and hopped in the shower went into the bedroom wearing my boxers and placed my clothes on the settee. Lexi was stretched out on the bed and smiling, I joined her and we started kissing, full on proper kissing the type I remember from my youth (I am an older gent). Lots of kissing and fondling, she slipped her bra off and I discovered she has very sensitive nipples, no attempt to stop me, just intakes of breath that suggested she was enjoying it.

Gradually she removed the boxers and provided a lovely OWO, very tender but very sensual, after that I returned the favour and she has a very kissable, lickable pussy, clean and smooth shaved, I enjoyed my self and I think she did. Then on with condom and cowgirl. Sadly this used to be my favourite position but age and the need to wear a condom I can no longer get the sensation I used to, so into Mish, I was thinking of ending with doggy, but frankly I was enjoying myself on top and kissing Lexi that I just carried on till the end. we carried on kissing and then cleaned up.

We chatted and kissed and that is how I know she is intelligent and fun to talk to, she has bold plans for the future for which I wished her good luck.

She has worked as an escort for one year she says, and she certainly seemed to enjoy her work, I certainly did.
