### The Premises:

Quiet place off Killinghall Road in Bradford - Entrance is set back but on the main road near traffic lights

Paid the massage price of 25 and then agreed an extra 30 for some extras

### The Lady:

Pretty Thai Lady - Lilly must be a popular name among the Thai girls as I saw a Lilly previously and this was the same one

Dark long hair and a cheeky smile and a very nimble body - very slim very tactile

### The Story:

Been a very frustrating week and my indoors was away for the day so decided I needed some TLC

Phoned a lady and she was unavailable but made arrangements to see a DOM lady - just what I needed - Needed my arse Balls and cock dealing with

On my way and she phoned me to say her son was picking her up to take her out  
Bugger

Phoned sabai sabai and found that Lily was working - This is not the same Lilly as I saw before -

Told them I had been before and discussed some of the extras but told to come in and see the girl and "discuss in the room"

Arrived and Lily was gorgeous - defo not the previous Lilly

Paid the £25 massage fee and then was escorted into the room

Took Lilly in my arms and gave her a cuddle and she asked what did I want

I told her I was very frustrated and needed her to take control of me and do whatever she wanted

We agreed a price of £30 for some work on me and I stripped off and laid on the bed

She arrived and whispered in my ear that she did oral and sex but I didnt have enough money for that so we settled on some domination by her

She began a gentle massage but soon her hands were in my bum crack and stroking my balls

A slap on my arse told me tift it and she reached under and grabbed me

I had a latex glove in my pocket and got off the bed and gave her and she commented on how prepared I was.

She got some anal lube out of the drawer and scooped it out of the the jar and showed it to me just letting me know what was going up my arse and then it happened I felt her finger go into my arse and she grabbed my balls at the same time - what a feeling OMG it was amazing

"Fuck me" I told her and she fucked my arse with her finger going deeper and faster and wanking my cock

I was now knelt on the bed with my arse in the air and her hands were handling my cock and balls

I took it as long as i could and got really near to cumming and had to tell her to stop or I would have shot my load there and then

I got off the bed and dropped to my knees and lifted her dress up and buried my head in her pussy

I want to suck your pussy I said to her but she said no and then I asked her to lay on the bed so I could feel her pussy.

She obliged and I slipped my hand down her tights only to find a pair of panties there.

Her finger was back in my arse and the other hand was massaging my cock

I pulled the tights and panties down and found her pussy and started to finger it but she kept her legs together so I could only feel her clit but it felt good and was continued to masturbate each other.

I knew I was getting near and realised that i might cum soon

She said I had a big cock and I told her I need to take tablets to fuck and I hadn't taken any that day

She laughed and I said I am so close to cumming but then her fingers went deeper into my arse and the hand that was wanking me just tightened round my cock and I shot a load over the towels on the bed

She just laughed and said stopping was too late and continued to wank me and empty more spunk onto the towel

It was just an amazing experience being finger fucked up my arse and being taken to heaven with a lady's hand on my cock and balls

I was shuddering with pleasure and she told me to lay on the bed and cleaned me up with wet wipes.

She then spent the rest of the time giving me a very nice massage which nearly put me to sleep

That was an amazing experience and I need to take more money and get her naked and either fuck that gorgeous pussy or cum in her mouth

Lilly you are a very special lady and I enjoyed every moment of our time together

Once she had dried me off from the oil from the massage I got dressed and we had a kiss and a cuddle before I left a very happy chappy
