The Premises:

A pleasant basement floor flat located in Pimlico. Bit tricky to find as it is on the corner between one road and another.

The Lady:

Extremely friendly and easy to talk to lady. Looks a bit different to photos, she seems more tanned than would appear but still very attractive. Mid 40s in age with long blonde hair. Fully shaved with a very nice pair of breasts including very prominent nipples which is a plus for me.

In agreement with another reviewer in that she seems to be in the industry because she genuinely likes what she does which is good.

The Story:

Not my best experience and this is only my second ever time being with an escort but I want to emphasise that this was not at all to do with Sophie who was absolutely lovely and does come highly recommended especially if you're looking to spend your time with a more experienced lady. My gripes come from the fact that despite paying for the full hour I only got, at absolute best, 50 minutes spent with Sophie.

We were late getting started and did not begin until approximately 16:10 which I presume was due to the previous client overrunning and Sophie of course needing a few minutes to clean up between clients.

Regarding the punt itself, very good. We began with some kissing and I followed this up by going down on Sophie which was excellent, she tasted sublime and I cannot decide which set of lips I enjoyed kissing more! This was then followed by sex (her on top and then on her side) and we had a very pleasant chat whilst doing this. Sophie is lovely to talk to and clearly intelligent. I could have happily spent 15 minutes just laying with her and chatting but alas, my time was cut short. We finished up by her performing oral sex on me and this was easily the best I have ever had. Sophie is evidently very skilled in this department and I will not soon forget this experience.

Come 17:00 and despite me having at least 10 minutes left, it was time for me to go but Sophie did not rush me and there was just enough time for me to finish on her body with an amount that took both of us by surprise!

Overall, a lovely experience and Sophie herself is a very special woman and I enjoyed my time with her. I would say though that I was very disappointed with not enjoying the full extent of what I had paid for. I could have saved myself £30 and had the exact same experience so I do feel ripped off, not by Sophie but by House of Divine in general. I was planning to make my visit a regular occurrence but after this I don't think that I will.

I highly recommend that if you for use this establishment DO NOT pay £130 for the full hour. Pay for 45 minutes and this way you will save yourself £30 and be able to enjoy the full extent of your time. I feel sad that I have to recommend this as ultimately it is costing the girls money but I feel that you should get what you pay for otherwise it just feels less like a pleasant experience and more like a factory in which the customer is not appreciated.
