The Premises:

Easy to find location, nice and cosy inside, clean and tidy, showers were adequate

The Lady:

Alee looks like her pictures, very pretty girl, tall slim and great boobs, nice firm bottom. Early 20's definitely. English is ok, but lacks some understanding

The Story:

I'll keep this brief, simply because I don't like writing about the bad ones to be honest. I enjoy writing reviews for a good girl.

To begin with I'd like to say that Alee is not a reflection of how this agency performs. When I complained about her after the booking, Angels of London were very apologetic and handled my complaint efficiently and satisfactorily. They can't have any control over how a girl behaves during a booking, and they explained to me that they have also received nothing but good feedback for Alee until now. It didn't stop them contacting her etc. however. It's my second booking with them, and I'll use them again, only because the first booking was such a good one!

Alee simply wasn't into the booking at all. It was in the middle of the afternoon, and after me actually complaining directly to her for just seeming unwilling and having no enthusiasm at all, she told me she was very tired and didn't sleep the night before. As far as I'm concerned, you don't take a booking if you can't deal with it! She basically said hardly anything to me on arrival, just showed me where the shower was whilst she played around on her phone. When I returned sat on bed with her and she shrugged her shoulders and rolled her eyes (her eye rolling went on throughout the booking by the way!) as if to say "what now?" Like she didn't know.

Had to ask her for a blow job, which I don't really like doing when the girl doesn't appear to even want you there. I actually asked her if she wanted me to leave. I told her I could just leave and get my money back if she wasn't into it. She declined. Her OWO was good to be fair, but not excellent. Sex was had in two positions on her front and on her back basically. She complained several times about the length of my cock (which isn't massive really) and at one point virtually shouted at me. I

pulled out, removed the condom and asked if I should leave. I apologised, but explained that I was barely doing anything at all. Besides, I wasn't about to continue having sex with anyone (even an escort) if she clearly didn't want me to.

Alee finished me with a blow job and hand job. I showered, dressed and left without much of a word.

Again, kudos to Angels of London for dealing with my complaint.
