The Story:

Daniella is gorgeous, sexy and very good company. From the moment she arrived she made me feel wanted. Although her English is a little ropery, she managed to have good chit chat with me. She even tried to talk me though what her tattoos meant which was sweet. I don't noramlly like tattoos on women but they really suited daniella, she makes them look good. A truly sexy Brazilian siren any man would be happy to spend a night with! Onto the good stuff - daniella arrived in a sexy tight black dress and heels, she immediately kissed me and gave me a hot massage. I had a quick shower and she grabbed me as I was still drying off, gave me an amazing owo which was so good I finish in her mouth! We chatted for a while and she started kissing me again and stroking my cock. She got on top of me and rode me enthusiastically, giving me a great view of her perfect perky boobs. We finished in reverse cowgirl after a rather long stint, and with only 5 minutes of our session left. She unfortunately had to hurry out which was a little sad for me but I know how busy these ladies are. Would've been nice to have another kiss but there's always next time! Will book daniella again.
