### The Premises:

Discreet flat in a large building. Easy to access the flat without interference or needing to speak with a concierge.

### The Lady:

Petite, dyed blonde hair. Curvier than her photos, but great ass and very perky tits. Very shallow vagina so larger gentlemen may not be accommodated. I am ~8" which I can believe was at the limits of her comfort level and I was unable to penetrate deeply without causing discomfort.

### The Story:

I was welcomed into the flat by Alma wearing a one piece cotton leotard showing off her magnificent ass. There were two other girls in the flat when I arrived but they were nowhere to be seen (presumably gone) by the time I left. After concluding the formalities I was invited to take a shower (sadly alone). Upon returning to the bedroom Alma promptly removed the leotard and proceeded to give one of the best blowjobs I've received with protection. She tried very hard to make me come from the blowjob and I easily could have succumbed if not for some willpower. I prompted sex and I fucked her in the missionary position. She asked me to be gentle and I was as best I could until I came. She was highly interactive, writhing and moaning as I fucked her. I could feel her pussy pulsating in line with her moans so she is either very talented at faking or she genuinely enjoys her work. All in all she was a very sweet girl who gave a great and enthusiastic service. She wasn't clock watching and, whilst I did not last the full hour, she did not make me feel like I needed to leave or unwelcome after I came (which has not been my general experience). That said she did not entice me to go again, she later mentioned in passing that she was sore, so understandable. All in all she was very welcoming and made me feel very comfortable. Worth highlighting again the blowjob was exemplary and she was very bubbly and friendly. I had a great time which could only have been improved by some kissing and being invited to go for a second round.
