The Lady:

Definitely the lady in the photos. Slim, petite, light all over tan, small tits with nipples that stick out like wine corks. Attractive, but not stunning.

The Story:

Disappointing, very disappointing.

Profile says DFK, yet when I went to kiss her she said no kissing! I queried this, "what no kissing?" she responded no kissing the face. As this is important for me I really should have walked at this point, but I didn't.

She asked what I wanted and I would probably have said kissing and cuddling with oral and then mish and doggy, but as there was to be no kissing I said Oral and mish and doggy, "oh well thats nice and simple" she says.

She knelt down and started a bit of OWO (after a quick wet wipe), but after a couple of seconds asked me to sit down on the bed. I sat down and received a very light OWO, her profile says Deep Throat, but this too was not on offer. I got her to join me on the bed and played and sucked on some magnificent and clearly sensitive nipples, then began to work my way down to the lips I could kiss, as I got close was told "no 69". She has a lovely pussy, which with only a few licks opened fully and there were sounds of enjoyment from her but no obvious physical reaction. Then a quick OWO to get me hard (ish) again, on with a condom and into mush, I was by this time so unengaged that I couldn't be bothered to change position, plus she needed to hold the base of my cock to keep it hard (which actually I enjoyed), but the whole experience was really rather dull and boring, when i finished she couldn't wait to get me out. At which point she became quite talkative and smiley, but by that time I couldn't be bothered and so got dressed and left.

So, in summary, good looking with a good figure, but no real interaction with me, no kissing at all let alone DFK, no DT, both of which are on her profile. I wish I had booked Adrienne or just not bothered. It may of course just been an off day for her as others seem to have enjoyed her much more than I
