The Premises:

House on an estate

I parked away from the house on another street and walked to house phoning her to say I was 1 min away

the house is open to view but as I rang her and I was carrying my briefcase to look official

She has little dogs but they were well away

The Lady:

BBW with gorgeous boobs and a beautiful pussy

Age 50's

White

massive boobs and a gorgeous bum

She had just got out of the shower

The Story:

After a few e mails back and forth we finally agreed a time to meet Spunkwitch or Lou as her name is

Arranged for 10am on the morning and she texted me the post code, her phone no and the house no

Its a private house on a busy street so I took my document case and parked on a different road and came down the alley to her house

Some dogs in the kitchen but they were all tucked away nicely

She was just wrapped in a towel and had just got out of the shower

I was directed into the bedroom where I proceeded to strip off and she laid a towel on the bed.

She then removed the towel and closed the blinds

OMG she is a gorgeous BBW and with massive breasts and a gorgeous pussy

We laid on the bed and had a kiss and a cuddle and a little suck on her massive tits and then I asked her for some lube as we had agreed that I would masturbate her pussy.

Knelt between her legs and gave it a little kiss and even though she had been in the shower there was a gorgeous womanly aroma down there

Lubed up my fingers and started to masturbate her and then realised she had a clit piercing, she then told me she had a tongue piercing.

Not been frigging her pussy long before she went into an orgasm and it was a real one she was shuddering on the bed.

I continued to play and she gripped her legs together gripping my hand between them

I asked her if she was ok and the smile said it all

Calmed her down a bit but she was still twitching and then took her back up to orgasm no 2

Then we had a little rest for a couple of minutes and then into orgasm no 3 and again the legs were closed trapping my hand in her pussy and then into another orgasm

More kissing and sucking of her gorgeous boobs and then fingers into the pussy and orgasm no 5 was on its way and the cries of delight were obvious and I am sure they would have woken the neighbours

Finally a bit of clitty play and orgasm no 6 was on its way with more moans and groans of delight.

I said I would really like to rim her and she got up on all fours and I went behind her and slipped my tongue into her gorgeous clean, just washed bottom and she tasted delightful. Couldn't resist while she was in that position slipping a couple of fingers into the pussy and finger fucking her hard and yet another orgasm was on its way.

It was now my turn for my cock to be massaged and she got off the bed saying her legs were weak!!!

Condom on with a little help as I normally need to take something to be really hard but hadn't been able to this morning and then once it was in her mouth and she had hold of my balls it started to grow and she did a really gorgeous slow suck - OMG that was so delightful just watching it going in and out of her mouth and then she sped up and the inevitable happened.

We had a little cuddle again and then I got up and she gave me wet wipes to remove the condom with and dispose of it

We had a little chat about her life and the job she does outside of this and I dressed paid her and left a very happy chappy saying I would return and she said she hoped so

A lovely lady BBW if you like that, And I do, and a promise to return for some more intimate play
