Very young looking sweet face. Quite thin with small boobs. Looks like her pics.

The Story:

Spice is a good one to pick if you look a barely legal type look. She looks really young like her pics and age on her profile suggest, so at least she aint lying about that! Showed up on time, looked fit and was sweet. Did the usual stuff - showered, exchanged few words, then down to business. Her blow job game is decent i'll give her that, nothing nicer than seeing a hot young 20 year old going deep and staring right up at you while they're doing it. Her pussy looked real nice so i suggested we 69 which is rare for me. It tasted good, clean shaved, wet. She didn't moan as much as i'd like and she didn't give head as good in that position so we didn't 69 for that long. I had her get on top of me and bounce on my dick, grabbing her perky little tits. She was good in that position so i came pretty quick. The only issue i had was that she seemed a bit detached throughout the session, like her mind was somewhere else. Maybe she's new to this and still a bit awkward but either way, she should be charging less if thats the case. Yeah she's fitter than a lot of girls but when her heads not in it, then i don't usually see them again. I enjoyed my time but probably wouldn't go for seconds with this one.
