The Premises:

The usual place close to Pimlico. I was in the room on the lift without the bathroom. The window was open and there were building works outside.

The Lady:

Aisha came into the room in a black basque with pink trim. She is a lot older than advertised. I would put her in her early 40s and not very attractive at that. If this was Soho walkup I would have turned around and legged it.

The Story:

She greeted me with a kiss and smelled of cigarettes. I didn't fancy her one bit. We got undressed and Aisha revealed floppy tits & a body that sagged everywhere. Her entire body was soft, as if she had no muscle density whatsoever and her tits were like marshmallows. The only part of her that was hard was the skin on her hands.

I don't think she fancied me either as there was little or no eye contact between us but we both carried on dutifully because a transaction was involved and I will commend her professionalism and courteous attitude when clearly there was little or no chemistry between us.

Aisha sucked me for a while and I will say she was a good cocksucker. Normally I like a bit of RO but I wasn't going to down there which meant that next we went on to fucking in mish. I gave her some good strokes before pulling out and completing in her mouth, to use her words.
