The Story:

Jessica was a great company she met me at around 20:00 at my place she was very well dressed for the occasion it caught my attention straight away she was polite and looked very happy to me see me as well, as soon as we got inside she was talkative and very gentle too, we got along very well got to know each other and also had a very good time together she is absolutely gorgeous very sexy and spontaneous, she had very good skills too for a young girl such as her I was very surprised how well she performed during our time together she seemed very experienced skill wise and also very warm I especially liked the way she interacted with me during the time together she was not worried about the time we had left or how long she was just focused on how to give me a great time.
