The Story:

After kissing me with tongues for a while and through feeling my dick through my pants she then gave me OWO which was amazing really slow and sexy. After this, my dick was well and truly hard and she laid out on the bed, boobs out, legs spread and I shagged her tight and shaved pussy. For naomi, her massive boobs are the main attraction. Her ginormous boobs which were super fun to play with when fucking her from different positions, my personal favourite being from the cowgirl position where I could see her boobs bouncing up and down while she rode me good. We also had sex in spoon, missionary and my new personal favourite in the bathroom with her bent over the sink. Fucking her looking at the mirror at her big boobs made me feel like a pornstar. Throughout the sex, she continued to DFK me and talk dirty to me in her sexy russian accent. To end she rode me again in cowgirl. She rode me very energetically and very well changing the pace as she went. To end I pulled out my cock and finished on her incredible boobs. Even if you are not a boob guy then give naomi a try because I can't see how anyone would not want to have sex with a girl this busty. I very much enjoyed her company, a nice girl and a good shag and I would recommend her to anyone.
