The Story:

Having visited the HOD establishments in all their locations over the last 10 years or so, this is the first time I have been moved to write a review. From the top of her head to the tips of her dainty toes, Bethany is everything I could wish for or hope to find in a woman. She captivated me with her smile (and her cleavage!) She is articulate and could carry on a conversation on almost every subject under the sun, and I would be happy to listen all day and night if I could. That is basically what I did on my first visit to her, and now after my third visit (very rarely do I see the same girl more than once), I'm glad to say I have explored her a little further. I'm at the stage where my needs are more intellectual than physical, and she meets them fully. However I've been left in no doubt that she has capabilities on a more basic level, but I will leave others to discover that side of her.

I would like to take this opportunity to thank Hodmaid for looking after me all these years, since that first time I took the wrong turn going to that beautiful South Ken apartment and she patiently gave me directions on the phone.
