### The Premises:

The usual place in Bletchley

### The Lady:

As shown in her pictures and even though her eyes are blurred out I can assure you that she is gorgeous!

### The Story:

Aisha came into the room dressed in a little black dress and looked yummy. Without saying a word she kissed me and that was it I was a gonna!

She kisses sublimely and that sent the tone for what was a very sexy hour.

She stripped off my clothes and flattered me with her comments on the size of my appendage and she switched out the condom she had already put on the bedside table for one which I normally use anyway so bonus points for her!

More kissing ensued before we got horizontal and from there the rest of the hour was a blur of tongues, mouths, a cock and a pussy.

The hour finished in a way I have never tried before but will certainly be doing again!

This wont be the last time I see Aisha that's for sure.

One thing, I was amazed that she only has 2 reviews because this was an hour of pure pleasure so if anyone was thinking about seeing her don't think about it just go see her.
