The Premises:

Clean, comfortable and discreet premises with ample free parking next door. Professionally run, with a friendly and most welcoming environment offering a truly wonderful massage experience.

The Lady:

Tia most definitely ticks all the right boxes! Very attractive, sassy, confident, fantastic natural breasts and an absolutely gorgeous peachy bum. She looked amazing in her uniform, and as I was soon to discover sensational out of it, and further enhanced with a captivating smile, wicked sense of humour, and the most warm and engaging personality you could imagine.

The Story:

After a brief chat, where I discovered Tia has the most engaging, natural and warm personality ever, I found myself lying face down on the couch and starting to experience the most sensual massage one could possibly wish for, where Tia having by now slipped out of her tunic and ravishing lingerie, proceeded to run her fingers all over my body, pressing, squeezing, caressing and stroking in such a way, that the tingling sensation I felt was something out of this world. And if that was not enough, having already given some amazing caressing and exotic delicate touches to my undercarriage, she then proceeded to use her now glistening oiled body and wonderful breasts to rub herself all over my back and legs, which if my face had have been on show and able to tell a story, would have definitely showed the expression of nothing short of 'Wow I think I must be in heaven'. Then if my fantastic massage couldn't get any better, Tia gently whispered in my ear, "do you want to turn over now". This led to further amazing caressing, body to body rubbing and stroking, and then following copious amounts oil being applied to my nether region, Tia very seductively stroked and played with my manhood, making wonderful eye contact, and with excellent technique gradually worked me up to a very happy ending and the enevitable explosion. Oh my oh my Tia, what an incredible sexy and engaging lady you are, I shall most definitely be returning very soon.
