The Premises:

It is a modern apartment complex situated on the edge of a large free carpark for a small shopping centre. There was loads of space and as far as anybody is concerned you could be calling at the Spar for a paper. It's also right next to the A1 motorway at Durham.

The Lady:

Emma is dark haired, about 5'4" with a body that is just simply toned, is the best way to describe her, as it happened Holly was there as well and was free and they asked me if I fancied a "duo", Holly is about 5' with honey blonde hair very fair and lovely busts. Both girls are really good looking and have bright attractive personalities.

The Story:

As I said before, I was offered a "duo", this is something I have never experienced before and something I will never forget. They are very sexual girls and I asked Emma if she was really enjoying herself as much as she seemed, (she was doing something to herself at the same time as doing something to me) and she replied that she enjoyed giving pleasure as much as getting it. I have to add I haven't got much to give pleasure with, that didn't seem to bother them. What I liked most was they both were telling me what it was they liked and how I should do it to them. I've never had a wife or girlfriend like that. I also must say, without getting carried away, I did not feel like a paying customer, my treatment was almost loving the way they both went on. Emma was telling me when we finished that she has a very dark side with BDSM and fetish, that doesn't appeal to me but I could imagine her being devilish. Before I left I was introduced and said hello to Jesse, she is stunning, (they really are that friendly and relaxed) and I have met Victoria previously, I can only describe her as a high class model. I want a job there, making the tea and sweeping up.
