### The Story:

I requested owo before scheduling an appointment. She said no problem, 130 for an hour. Once she arrived, it started off pleasant, but once she was down to lingerie, she said oh it's another 50, and then we can do everything. I should have known at that point it was a scam. But I paid her - 180 total is not too bad. She pulled out some lotion and tried giving me a lame handjob. I told her I wanted a blowjob. Three times. Finally she said ok and reached for a condom. When I said we had agreed on owo, she gave me the oh no, not me, that was the agency. I never do that - line of bullshit.

They are a total ripoff. When I complained to the agency, they never replied. Of course. They are thieves.
