### The Premises:

Usual basement flat near staples, park available despite being during the day.

### The Lady:

Pictures are accurate, I would say late thirties/early forties, described as a MILF on the twitter feed, although hard to judge height she definitely reminds me of Kylie just maybe a fraction taller

### The Story:

No maid for a change with Emma seeing me into the room and then rejoining a couple of minutes later. Emma is safety conscious and performed a health check with gloves and her sexy glasses on, which was a first and delayed the start of the GFE but better safe than sorry, I was surprised with the selection of protection she carried, sizes for everyone!

Since I expressed my interest in visting down under I was presented with mouthwash to use and a cup to deposit it in, another first.

Once the safety checks were done I was free to explore down under, I'm usually disbelieving in my skills but Emma seem to genuinely enjoy herself, which spurred me on to perform what I believe was a hat trick leaving her pleasantly shaken (if not then she is Kylie and a great actress!) After finally coming up for air it was on with a condom for a little OW before a short bout of cowgirl and doggy before my excitable friend completed his mission.

With a few minutes left Emma offered a massage but I politely declined as I got ready since I've never been a real fan of them, She complimented me again on my oral performance before we parted, always helps the ego.

I can see how her precautions might put some off but if you're clean and pleasant, and you treat her right you'll get the service you deserve.
