The Story:

I have been trying to meet Carla for ages as a result of reading her previous review. I like slim to skinny women and the price quoted was also a factor.

It turns out she had been away and taken time off so hadn't been answering her phone.

I was in HH so tried calling again, she answered straight away and gave me her post code. Turned out to be a mile from where I was so was there in a couple of minutes. I called again, no answer but she called back and gave me the address.

Knocked on the door and she answered wearing a flowery dress. We went straight upstairs where she asked how long I wanted and we completed the paperwork.

She took the cash and left the room giving me just enough time to get naked. She returned and slipped the dress up over her head and asked me what I wanted to do to her which I told her in some detail, I love looking a woman in the eyes and telling her what I'm going to do, so horny.

She is slim, mummy tummy, nice legs and I would bet she has a fantastic arse in a pair of tight jeans.

She laid down and I got to work on her clit with my tongue, tasted nice as I dipped into her pussy. She made some appreciative noises but didn't cum.

I put the condom on and climbed onto her, easy entry and a nice fit. I fucked her slowly until I was close then asked her to look me in the eyes as I emptied myself into her. If she'd orgasmed it would have been a really good girlfriend experience.

Excellent meet and a change from the Chinese girls I usually visit. I rarely fuck the same girl twice but I'm going to see Carla again.
