### The Story:

Just spent some time with Aubree, definitely not the best punt ever. She answered the door and ushered me into her room, but seemed to have some attitude, I should have taken this as a chance to leave... however after the cash was handed over she ask me to remove my clothes she popped the condom straight on before i was even erect and lay down asking if missionary was okay and didnt want to try an others, nor any oral to start. After the first load she turned her back and proceeded to play on her phone for 10 minutes while i lay there awkwardly wondering what to do.

She then asked me to give her a massage and we went again.. followed by the phone again, i couldn't really be bothered with her any more so got dressed and left half way through my time with her while she was still on the phone.

There is a pretty extensive list of what she enjoys but I think it should be changed to just missionary :(

All good, ill try someone else
