The Lady:

Laura was pretty much as the photos show her. Great bum and the although smaller than I expected her tits and nips were perfect. She was very welcoming and so easy to chat to. I have not had many Brit call girls, recently I just seem to go for Eastern Europe ones. Laura has definitely changed that.

The Story:

The door opened and in I went. Nice kiss to greet me and into the room. then sorted out the cash. Asked to freshen up and was showed to bathroom. I went back after cleaning up and Laura is In a baby doll and g string. Started kissing and grabbing that arse. Nice french kisses followed as she dropped her baby doll to the floor. On to the bed for some fantastic owo then I went down to see the pussy. I licked as she held the pussy open so I could get easily to her clit. Not that she need too maybe it's just her thing. Enjoyed it anyway. Lots of kissing and fondling continued. Then on with the condom and on she gets. Rides me for 15 mins or so then I'm getting close to blow. I ask to go down on her again and she couldn't wait. Same as before as she parts those lips and away I go. Few minutes later I get her off and she has a little squirt of her cum in my mouth as she wriggles about on the bed. After asking what options I had for cumming we got off the bed and over to the mirror for another bj and cum into Laura's mouth. Don't think that she realised I'd cum as I don't deliver much of a load anymore. But either way she swallowed the lot.
