The Lady:

Even better than the pictures show. Caprice has a beautiful face a stunning body with the slimmest of waists and incredible enhanced tits that took my breath away! She has also had some lip filler which I do not personally think she would have needed however, they are perfect for when she is kissing or even better, sucking you off. She greeted me as requested, in stunning black lingerie hidden under a tight dress, tight white blouse and stilletoes. Horny as fuck!

The Story:

After what seemed like an eternity, After around a month of failed attempts to book her. We finally got our calendars synced. All the more special because she planned to have the day off after a long previous night out but did not want to let me down.

I was promptly on time, as requested Caprice was dressed in sexy Black stilletoes, stocking & suspenders partially hidden under a tight leather mini skirt and white blouse that barely covered her ample cleavage, she informed me that as requested the butt plug she had inserted kept on popping back out which we laughed about. The combination of her looks, sexy accent and sweet perfume aroused all of my senses.

A glass of rose and chat to break the ice led to initial soft kissing with that sexy mouth of hers developing into deep, wet, passionate French kissing. Suitably aroused, I chose to have a quick shower. The towel could not hide my semi erect cock poking out. Caprice was waiting for me in the bedroom and in her sexy voice says "you are already hard" let me help you with that (in her sexy accent). Getting onto her knees, she gently kissed and licked around my upper thighs building up the tension and then finally licked from my busting balls all the way up my shaft teasing me by flicking her ever so talented wet tongue over the tip of my now throbbing cock. In a split second most of my cock was down her throat and I was feeling my bell end hitting her tonsils and then feeling her gag reflex kick in. Spitting on my engorged cock then licking and sucking on it like a woman possessed was proving all too much as I found myself already wanting to cum so pulled away to compose myself (I have been celibate for quite a few years so needed to compose myself).

Caprice repositioned herself onto the bed while I stood at the end, back down she went to give me a wonderful sloppy cock sucking that had me groaning in extasy, Caprice found then had me move position to the side of the bed where she removed some of her garments to show me her magnificent and pert tits. I defy any man to resist not licking and sucking on them when offered so fucking sexily, alternating between her tits and sexy french kissing while her hand wanked my cock. Caprice then suggested the perfect place for my throbbing cock, between her tits! What a sight to behold, looking down on a sex hungry bitch with lust in her eyes who has her tongue hanging out to lick my bell end as my cock thrusts between her tits. Caprice tells me that I can cum if I like or as many times as I can but I don't want things to end so fast, she moves further down focusing that incredible mouth of hers onto my balls, it is one of many memories ingraned in me, looking down and seeing this woman with supermodel looks wanking my cock with one hand while sucking on my balls and giving me a look of lust with those big Brown eyes. We then moved onto the bed to continue. My groans were getting louder confirming to her that my pleasure was increasing as her wet tounge found its way to under my balls and onto my anus, spreading my legs for her. Caprice got to work on rimming me, all the time those eyes focussed on me with a lustful stare. I was in extacy feeling her combination of rimming, ball sucking and deepthroat cock sucking and could hold back no longer cumming her into her eager mouth. Not a drop was wasted.

Caprice went to fetch our glasses of wine and give me some recovery time. During our chat and as I lay on the bed she noticed that my cock was still hard and said, you have a big cock, thinking she probably says this as an ego boost, I said I doubt it. She then said, trust me you are! Secretly I was bloody impressed with myself lol.

Caprice came back onto the bed with me on my back, stroking and then licking my semi erect cock, spitting, wanking and then moving that incredible mouth back to where she knew it would have the desired effect, my ass. Pushing her face hard between my legs and deep rimming soon got me hard and throbbing! She came up for air joking that she was hiding from me because all I could barely see was her hair, eyes and secy stilletteos up in the air.

Time for a cover to go on I said, Caprice using her mouth expertly put the condom on. First up was doggy style, nice deep fucking, the sensations running through me knowing that I wss fucking such a sexy bitch was intense. It was just like being in my very own porno fantasy. Spreading herass cheeks to watch my cock thrust in and out. We then change position, me back on my back with Caprice sexily riding me while I get the best view in the world, looking up at this beautiful woman as she rides my throbbing cock, I get to play with those incredible tits, squeezing them and playing with her sesitive nipples. She leans forward so I can alternatley suck on each breast, yummy! Switching position again, we I then stand beside the bed so Caprice can get on all fours whilst on the bed in front of me. Thrusting back into her both groaning out in lust, I reach for her butt plug and gently reintroduced it to her asshole, dribbling saliva down to lubricate it. She moans in approval while I fuck her pussy at the same time. Cautious of shooting my second load too soon (and not knowing if I could get hard again).

I suggest anal, bearing in mind our earlier conversation. I didn't think that she would be up for it. Caprice said "why not" and proptly reached for some lube and applied it, slowly I eased my cock into her tight ass, what an incredible sight and sensation. Looking down and slowly thrusting, her moans of pleasure letting me know that I needed to take my time in letting her tight ass adjust. After a couple of minutes my thrusts are getting longer and deeper, this date was proving to be so much better than I could have ever fantasised. Looking down and seeing my throbbing meat, balls deep in this fucking supermodel Angel was amazing. My cock is throbbing as I relive this horny date. After fucking in this position for a few minutes my energy levels were sapping, Caprice suggested that I lay on the bed. She went back to work sucking me working her way up and down my shaft whilst combining ball sucking and rimming me. I cannot resist getting one more fantasy off my tick list, I need to taste this delicious creature so suggest a 69 position and how happy was I. Just when I thought that I had reached my peak. The sensations increased to new levels, feeling Caprice eagerly devouring my engorged cock I went to work on returning some pleasure to her. Eating that tight, sweet pussy and working my way to herbeautiful ass and alternating. I was like a boy in the proverbial toy shop, spoilt for choice! God she tasted good but the that is no surprise as she really is an Angel. I wish I could see her every fucking day. Having said that, I would probably be a wreck. You need energy to keep up with this nymphomaniac.

The combination of eating her pussy and ass while she sucked the dear life out of me proved too much and I shouted and groaned out in toe curling lust as I shot spurt after spurt into her mouth with those sexy lips firmly clamped around my pulsating cock, she swallowed every drop.

Warning! Caprice is dangerously addictive. Stunningly beautiful, sexy as fuck, hard on inducing without even touching you (as proven), an incredible fuck who made my time with her an unforgettable date. She has me smitten. Beauty with more brains than I could ever hope to have.

Caprice, I really do hope that I have the pleasure of seeing you again some time in the near future, fingers crossed. My return to punting could not have been better. Having seen many incredible Angels from this agency over the years, Kat, Stacy, Estelle, Alex and now Caprice
