The Premises:

Blue Belles is in a quiet part of Bury, albeit on a main road with the door at the front so a little exposed. Very security conscious so ended up waiting a few seconds in the doorway before being buzzed in. The place seemed clean enough if a little basic. The room was okay and functional and Candice had gone to some effort to make it nice with a candle but there were some unsightly marks on the bedding.

The Lady:

Candice was a pretty young lady with dark hair who told me she was 23 years old (seemed about right). A local lass I'd say given her accent and a slim figure with a few sexy curves and a nice pair of c-cup boobs. Very chatty and friendly if a little distant.

The Story:

Having been here before I was familiar with the routine. I was presented with two girls - Candice greeted me as I came in with a kiss on the cheek and a friendly hello and another girl came downstairs in hallowe'en fancy dress so I opted for Candice and paid my House fee. Candice was very keen to show me to her room as she'd made the effort to make it nice with a candle. To be fair, aside from the marks on the bedding, the room did look nice. She put on some porn 'for background lighting' and I asked her to turn it down which she did.

There wasn't much small talk and Candice soon suggested we both get naked and onto the bed. Before long I was covered and she offered me a BJ. I asked about going down on her and she said that would be extra. She said she didn't like to be fingered but would let me play with her pussy and when I asked her what she did like she said fucking and being licked. Again I offered and this time she accepted.

Within seconds of licking at her swollen clit she was moaning (which seemed to be a little false) but after a short while I got the feeling I was hitting the spot and before long she was definitely enjoying herself, pushing her clit onto my tongue, gripping my hair and scratching her nails over my skin.

After a little while it was obvious I'd worked my magic and I moved up, kissing as I went. When I got to her face she turned away (having already told me she doesn't kiss) and told me to get inside her which I dutifully did and finished off with a fuck in missionary.

Not a bad punt but a little business-like for em with no real GFE at all. A nice girl and very receptive to a good tongue lashing though.
