The Premises:

First floor flat above computer shop, room I was in had a shower and was clean and well decorated. Didn't see anything else of the premises.

The Lady:

Curvy blonde lady, large natural boobs. Pleasant and likeable personality.

The Story:

Started with us partially undressing each other before giving that up and getting ourselves naked. Onto the bed for some light petting (no DFK) and fondling, me of her breasts, her my cock. Slowly moved into my going down on her for some nice RO. Back up for air and it's on with the condom for her BJ, which was done just the way I like it slow and gentle, this the flowed naturally on to sex starting with mish and into doggie until my knees started to complain. It all ends with me wanking off with her pussy in my face.

Clean up and quick use of the en-suite shower and quick chat ends what was a good punt.
