### The Premises:

A nice apartment, cosy and warm, with great facilities in the Gloucester Road/Earls Court area. Nice and easy to find.

### The Lady:

Antonia looks like her pictures, genuinely slim and very attractive. Her age is only a couple of years out, but it's in the right ballpark. She told me she was 24 (website says 22), but considering she told me that she's been in London for a couple of years, it just seems that it's merely an oversight on the website. She's from Romania originally, but she speaks excellent English.

### The Story:

This was a very rare occurrence for me. She was the last girl I got to see on this short visit to London, and I actually went for a bit of a change. She was wearing a very short, wavy dress when I arrived, with high black heels. Really made her legs look fantastic! Naturally beautiful, so didn't need a great deal of make-up either, which was lovely. After my shower, I can back to find she had taken it off and she was only wearing high waisted black knickers and matching bra, still with the heels. Fabulous!

Stood and said she liked to play around in front of the mirror (massive wardrobe to the right of the bed, covered with mirrors). She did a little dance and rubbed herself against me as I undressed her. Very, very hot. She asked me what my fantasy was. I hate this questions, because at that moment, my fantasy was just her and her alone!

Although I didn't book her for a sensual massage as it seems most of them on that site do, but she certainly showed off her skills. This is where the change came in. I actually didn't have sex with her, and by the time she'd finished with me, I didn't really have it in me. This was definitely a "once was enough" scenario. These days I usually am a once is enough person anyway, but this really justified it.

She began some great OWO that just had me in awe of her. Constant eye contact, and again in the mirror (great view). After this she grabbed the baby oil and smothered her boobs with it. She slid up

and down over my body and squeezed her tits around my dick and it felt amazing. What surprised me after a while was she kept taking it back into her mouth for more oral, even with the oil on. This made things very wet! Her hand technique, oral and boobs all went to work and made me feel fantastic. She's really good!

But by far the best thing was her technique towards the end. She constantly switches it up which I really like. She does this thing with her tongue quickly up and down the old chap and all right at the base. Made me explode. You know what? I never even thought about fucking her, and that really surprised me. I'm going to see her again and I'm booking longer!
