The Story:

After nearly falling down the stairs, I made it through the door. I was horny as hell this particular day, I had a hard time thinking about anything else than utter filth the whole way there. As I entered the room she flung her arms around me and started stroking my rock hard cock over my trousers, I peeled off her top revealing her huge boobs and starting sucking her nipples. She asked me to take off my clothes and lie down and started giving be oral with. Not my preference but it's a rule in this place to keep him under wraps . Her technique was exceptionally good. I told her to bend over and let me fuck her from behind while spanking her beautiful arse. She moaned and groaned furiously and I came hard and fast. Good punt, nice girl
