The Lady:

She arrived in a casual outfit, very natural, charming look. She is in her early 30s, approximately in between size 10-12, curves at the right places (massive boobs)

Well organized, nice make-up. She was looking gorgeous without clothes, exactly like on her pictures. Much better look in person, even her photos are professional. Nice tanned, soft skin, a great smile on her face.

The Story:

I've been staying 2 days in London, so I booked her 4 days before (in advance) She does have her own website with full details and professional photos/selfies, description of services and prices. It just made my interest, as the outcome is: she knows how to make attention. Great communication skills on WhatsApp, she contacted me on the booking day to double confirm my booking. She is not a naive bimbo, well-educated, easy to speak with. Graduated in medical school and still studying (sexual psychology) as she mentioned that proudly. There are extras: Double Pleasure or Prostate Massage if you do wish for more.

The massage was very professional, she made me relaxed first and after excited. Her body is extremely feminine, the service provided absolutely worth the price. Highly recommended. If you like the 'femme fatale' type in a quality version - she's the one. Not easy to catch her, you better try to book her in advance.
