The Premises:

Best described as a film set within an industrial unit. From the outside, you'd have no idea what lies within, where Lola has two bedrooms decorated for escorting and/or filming purposes. There's also a shower / bathroom.

I found it a little tricky to locate, but that was my fault, as Lola's directions were pretty precise and I didn't read them closely enough!

The Lady:

Lola is tall (maybe 5'8"), very pretty, long dark brown hair, has a fairly large tattoo near the top of one thigh. Nicely enhanced boobs. She frequents the gym and it shows.

You can find her easily on Twitter and will see photos and videos that feature her face, so there is no risk at all of any disappointment. She's extremely physically sexy, but it's her attitude (friendly, chatty and horny) that sets her apart from most.

The Story:

I'd met Lola once before - at a medium-sized party with one other girl attending. I'd harboured the desire to have her all to myself for a meeting. Why did I wait so long????

Lola remembered me from that meeting and we were engaged in seriously sensual DFK within no time at all. I was able to caress her nicely curved body as her hands wandered to the growing bulge in my trousers.

After a few minutes I dropped to my knees to I could give her oral - she moved one foot onto the bed to give me easier access and started to show her appreciation of my efforts. After a little while we moved to the bed so that I could continue to tease her with my tongue. She made some delicious noises as she approached a crescendo of pleasure, which was a major thrill for me. As she relaxed, I stayed in position and, after a couple of minutes, I started to lick her again. Lola was a joy to give cunnilingus to, and after more of my attention she shuddered to a second orgasm.

It was now my turn to receive oral. Lola gives the best head - sloppy, soft, then hard, lots of gagging noises and her coup de grace was to deepthroat my cock (it's pretty large and she's the only woman to ever manage the entire length, holding in place as I marvelled at the experience).

Having had a few minutes of mind-blowing oral, it was time for sex. Lola rode me in cowgirl, reverse cowgirl, then a kind of side-saddle cowgirl. Watching her squatting on my erect cock was fabulous, until she asked if I wanted to fuck her. I thought "I already have been", but to be fair, she'd been doing all the work. So I asked for doggy and spent a few minutes screwing her from behind for all that I was worth.

I could feel that I was getting close and I desperately wanted to finish with a facial. Lola, as ever, obliged and we moved to the floor. She knelt in front of me, encouraging me to cover her with my cum. I came heavily and she didn't flinch an inch, stopping to suck my cock clean when I had finished, which is a lovely touch.

When the sex had finished, Lola was the perfect hostess, offering me a shower and a lovely conversation. I plan to see her again soon.
