The Premises:

Her flat was a bit hard to find and I found myself waiting outside the front door or longer than I would wish before she answered. Although the flat was clean, there were some odd bits of mess around like dirty cups and plates and it honestly put me off a bit.

The Lady:

Denisa's body is slender but quite average. She's a very small girl with decent sized breast but she sometimes failed to make herself look sexy.

The Story:

Denisa was a nice girl but a bit of an amateur. At some points, she seemed a bit more nervous than me and it was a bit awkward when we were getting down to business. Even though she is very cute, I would say her photos are a bit misleading and she doesn't look as cute as she does in her photos. After a very curt conversation about what I wanted, we awkwardly took each other's clothes off and started kissing. I would say she seemed disinterested the entire session and even though it seemed like she knew what she was doing when she got on top of me, she had already made me feel awkward enough not to enjoy it. The overall experience seemed like a bit of a waste of money and I would not recommend.
