The Premises:

An upstairs flat in a terraced house located within a 5 minute walk from Lewisham station. It wasn't at all discreet because the door bell wasn't working and someone from another flat opened the door.

The Lady:

A busty black Latino girl, body size 14. She was very friendly throughout the session.

The Story:

The session started with us standing and after Sammy removed her bra I had a great time sucking and squeezing her large breasts. We then had covered oral which was really enjoyable. I could never come from that alone so we had sex in doggy position. Following that she oiled up her breasts and I removed the condom. She started wanking me with her breasts and after a couple of minutes I withdrew and shot over her nipples.

There are three or 4 girls that share the same phone number who work at the same address.
