The Premises:

A nice flat in a large purpose-built block a stones throw from Wallington railway station. Much nicer than the rather grotty flat that this establishment used to operate out of in nearby Ross Parade and much more discrete. The bathroom was fine although I didn't use the shower. The room was rather dark. There was also a full length mirror running alongside the bed. Finding somewhere to park in this part of Wallington is still a nightmare.

The Lady:

Alison is in her mid 20s, around 5'7" tall with long black hair, pert c-cup breasts and a peach of a bum. She's from Hong Kong and unfortunately doesn't speak much English. Her pussy is mostly shaven and she has a large clit. I found her cute and eager to please. Another girl was also working from this premises although I didn't meet her during my visit.

The Story:

I hadn't been to this establishment in several months since it moved to its new premises. Plus a string of poor quality punts in nearby Croydon persuaded me to pay a return visit to somewhere that I have always had good experiences.

On phoning up for a short-notice appointment, I was given the flat number. I didn't need to buzz for entry and just walked in with a delivery man and took the lift up to the flat where Alison answered the door and let me in.

After completing the paperwork for a 30 minute visit we both undressed. This was followed by lots of mutual caressing and kissing on the lips but not DFK. There was no clock watching. Then Alison put the condom on and rode me cowgirl. This was followed by missionary and doggy at which point I came.

There were plenty of groans from Alison during sex and she was clearly enjoying herself too. Surprisingly there was no oral offered during my visit, either with or without. Perhaps Alison was just gagging for a shagging and wanted to skip that bit so as to get my cock inside her.

Overall I enjoyed myself and will certainly return.
