The Lady:

Mate said had fun with these girls but after trying book Dior and attitude will not bother

The Story:

Fed up with adultwork girls on the site getting worse. Friend booked a girl he see's regular but had duo special which was Dior the party whore last week in November. But regular girl refereed to Dior the party whore site to have a lock instead of stating she was working for what ever reason. Got passed number so text see if she was working ,as she look hot and dirty but just got abuse from her for some reason. Why not use your own profile instead work with another girl then asked to look on Dior profile got no answer. Just started to join review sites as fed up so many working girls abusing sites for the own reason.
