The Premises:

Converted red brick building, in an ok part of town off a main road, probably not so ok at night. Parked off main road. Inside, decent, with a relaxing lounge. Room was above. It was clean and warm, so comfortable throughout. Tiled walkin shower, which served its purpose well. Offered a drink by the receptionist, but wasn't in need of one.

The Lady:

Emma is an attractive woman, who matches her photos reasonably well. Really nice blonde with a set of big boobs. Pretty face in general, but with messier hair than you'd expect from the photos. She's definitely English, although the age description is a fair bit generous. Friendly overall, with a scouse accent.

The Story:

A good session with a little blonde. She came in to the room as I'd finished my prep, so no messing around. Started off with light kisses, nothing too heavy in terms of tongue action (not sure if she'd offer more). What I really wanted though was to get my hands on her boobs, which were wonderfully warm and appeared to be very natural. Soon though, she had me laid back on the bed, then proceeded to work her way down onto my cock. A good uncovered blowjob ensued (extra charge for it). Some eye action as she sucked away, with the boobs rocking away at the same time for a nice view. On with a condom, and then Emma slid her wet pussy down into me with a cowgirl position. I had my hands on her boobs as she started gyrations of delight. Very lush at this point, and I almost came, but I managed to hold back for a change of position. Turned her over for doggy, which Emma seemed OK with. She's got a nice bum, so the view of the back was enjoyable as I took hold of her. After holding tight against her, I gave her a hug from behind, held her boobs, then had a good release. Afterwards, a couple of minutes chitchat while I cleaned up and gave her the top up fee. While I had a shower afterwards, she left the room and went her way. Satisfied in general, so can't complain.
