The Lady:

Brit, 20 something, brunette, average height, medium curvy build, large breasts, trimmed pubic bush which nowadays makes her a very rare species in the genus working girl, very attractive in a girl next door sort of way, photos on her profile and HoD's twitter feeds provide a good indication what to expect but I found her even more attractive in the flesh. She seems a lovely genuinely nice person and I really warmed to her.

The Story:

Laura goes into the annals for being one of a small but select band of ladies who I've seen more than twice. I first saw her in July 2017 - my P'net review (124825) is still up - and then saw her again several months later. To her credit, not only did she recognise me on this occasion but she also remembered that I'd seen her twice previously.

Her service is still as good as ever with owo, ro, frottage, sex in missionary and lashings of dfk throughout. She's now added cim to her list of services and this was how I wanted to conclude our time together. Keeping me tethering on the edge for several minutes with her skilfully administered owo, when I eventually came to the boil the culmination was an eruption that felt as if it rivalled in magnitude that of Vesuvius in AD79 and lasted almost as long.

Afterwards, my erection took 15 minutes to subside and I felt at complete peace with the world - all indicators of an excellent punt.
