The Premises:

The GFE in Attercliffe, I always park just across the road it's safe and discreet. The Parlour itself is always immaculate and I got to go up to the penthouse for the first time, it's a great space but more importantly, for me, it feels clean. The shower was warm, I have found one of the showers at GFE cold/difficult to use but all the others including this one have been fine.

The Lady:

Long blonde hair, great boobs, lovely all over tan; matches her photos pretty well, very attractive girl. Rather unusually for a working girl, she does look a bit younger than her recorded age of mid-thirties. I suspect she has had a bit of surgery because she is rocking a pair of puffy blow job lips and her facial features are very symmetrical (that might explain why she looks so young as well).

The Story:

Friendly chatty girl very laid back and easy to talk to, when I came out my shower she was lying topless on the bed and I knew I had made a good choice. Asked me what I wanted. Brief front body massage where she displayed her assets to good effect, she then started rubbing her boobs over my body across my chest, stomach and willy, soon she upped the ante and started to grind her pubic mound against me. It was great especially when the dirty talk kicked in. She eased into sensual slow hand job, condom on and into oral. I like a girl to use a wide variety of techniques when she is giving head with lots of licking and this is what I got, it was a pretty damn good blow job. It usually takes me a while to get hard, but I like to lie back and enjoy the experience of the girl attending to my cock and working to get me there.

We started off with doggy which was OK and I do like looking at a girls bum when we are fucking but I should have positioned her the other way round so I could watch the action in the mirror. Then on to a bit of missionary which I really enjoyed, it was just so nice being on top of and being that close to beautiful women. I just stared at her face as I pounded away, I think this was the highlight of the punt for me. I like to finish off with the girl on top so I can have a good look at them when I cum. As she was bouncing on top of me did this thing where she started to tighten her pussy as I was getting there, which is always a nice party trick. I gently pulled her down so I could hold her close and smell her as I came. It was the highlight of my week and put me in a really good mood after what had been a stressful day.

We I go for a punt I tend not to give the girl too much direction other than positions for sex as I like the excitement of not knowing exactly what the girl will do or how she will do it. However, I get the feeling that Pamela is the sort of girl that can adapt and give you whatever sort of punt you like, she seems keen to please. There was a bit of dirty talking which was great, she paid attention to my nipples (which for me is OK I can take it or leave it) and some eye contact which on this punt I really enjoyed. She made all the right noises and gave the appropriate complements which while we all know is just part of the show, but she did it well.

Afterwards, everything was nice and relaxed, personally, I would have preferred a wet wipe to a tissue to clean up with but hay ho. For some reason, I decided not to take a shower but I am glad I didn't because as I drove home I could smell Pamela's gorgeous perfume on me and it brought a smile to my face.

I will see Pamela again hopefully but I want to try out more girls and write more reviews.
