The Premises:

as previously described as she initiated conversation.

The Lady:

I'm certain the photos on her profile are of her. Liv's a Brit, looks as if she could be in her late 20s, a bit taller than average, slim build, fully shaved, large enhanced breasts but a good job, most perfect teeth I've ever seen which suggests costly dentistry at some point in the past, strikingly attractive which corroborates the model claim on her profile.

The Story:

Liv bounced into the room a couple of minutes after my arrival. We completed the icebreaking chitchat while I undressed during which she came across as being sociably competent as she initiated and then kept the conversation going.

The action started as soon as I was fully undressed with a kiss which morphed instantly to dfk and this continued for several minutes while she pressed all the right buttons to fire me up. Then it was onto owo and very soon she was demonstrating her deep throat skills repeatedly taking me right up to the hilt with some force. Owo was to predominate our time together punctuated occasionally with bouts of dfk to keep me simmering for a good 15 minutes before she brought me to the boil for a powerful cim using a variety of techniques.

I would certainly recommend her to oral enthusiasts.
