### The Premises:

A very clean and modern flat with an ensuite shower. It was a short walk from London Bridge station.

### The Lady:

An attractive young Thai woman with a petite figure and lovely, natural D cup, firm breasts.

### The Story:

It wasn't until I got to the location I realized I had been there before some time ago. I was in the mood for a massage because of a bad back. Anita greeted me at the door and we climbed the stairs to her flat. It was really small inside and the massage table was alongside a bed. The massage was performed on the table and it was quite firm. Anita eased off a bit because it was painful at times. There was an occasional brushing around my balls, but not enough to give me an erection. There was some relaxing music playing in the background. After about 20 minutes, Anita asked me to move onto the bed and lay on my back. She then removed her clothes and helped stroke me lightly to a firm erection. I took the opportunity to play with her ample breasts and suck on her nipples. The relief was very slow and sensual and I had a very satisfying release. I took a shower, got dressed and made my way home.
